Double Up Rules

Qualifying Promotions:

Promotions which qualify for the multiplier:

- Virtual Ticket Time
- Progressive Royals

All of the above promotions will be governed by their own individual promotional rules.

Timeframe:

- Qualifying weeks: Friday August 2nd at 12am to Thursday August 8th at 11:59pm
Friday August 9th at 12am to Thursday August 15th at 11:59pm
Friday August 16th at 12am to Thursday August 22nd at 11:59pm
Friday August 23rd at 12am to Thursday August 29th at 11:59pm

All hours earned in Texas Hold'em cash games during each of the qualifying weeks will determine the multiplier for the following week.

Eg. A player plays 26 hours during the week of August 9th through August 15th. They will earn double the original amount of any promotions won during the week of August 16th through August 22nd. If they win a Progressive Royal for \$1,250 they will instead receive 2X or \$2,500.

Hours required for Multipliers:

20 hours = 2X

It is the responsibility of the players to ensure that their Boarding Pass card is properly logged in and logged out by the Poker Room Shift Supervisor or Dealer.

Logging time in another players name will result in a time reduction or disqualification by Management for both players.
